FOE Code 3 EU Safety Data Sheet according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Date of issue: 07/02/2019

VOIGION: 1.0							
Section 9 - Physical and chemical properties							
9.1. Information on basic physical and chemical properties							
Physical State	Odor	Appearance	рН	Melting Point/Range	<b>Boiling Point</b>		
Liquid	Pleasant	Green	5-7	No data available	>100C		
Flash Point	Flammability Limits	Vapor Pressure	Specific Gravity	Water Solubility	Flammable Properties		
No data available	No data available	No data available	1.01-1.03	Soluble	Not Flammable		

9.2. Other information VOC Content (%) No information available Flammability Limits in Air No data available

# Section 10 - Stability and reactivity

10.1. Reactivity No data available. 10.3. Possibility of hazardous reactions None under normal processing 10.4. Conditions to avoid None known based on information supplied. 10.5. Incompatible materials No information available.

10.2. Chemical stability Stable under normal conditions.

10.6. Hazardous decomposition products None under normal use.

# Section 11 - Toxicological information

# 11.1. Information on toxicological effects

Eye Contact May cause eye irritation.

Skin Contact There is no data available for this product. Ingestion There is no data available for this product.

Delayed and immediate effects and also chronic effects from short and long-term exposure

Based on available data, the classification criteria are not met. Carcinogenicity Chronic Toxicity Based on available data, the classification criteria are not met.

## Section 12 - Ecological information

12.1. Toxicity				
Ecotoxicity	The product is not expected to be hazardous to the environment.			
Persistence and Degradability	No information available.			
Bioaccumulation	The product does not contain any substances expected to be bioaccumulating.			
Other Adverse Effects	No information available.			
12.2. Persistence and degradability: No information available.	12.5. Results of PBT and vPvB assessment No information available.			
12.3. Bioaccumulative potential: No information available.	12.6. Other adverse effects None known			
12.4. Mobility in soil Adsorbs on soil.				

### Section 13 - Disposal considerations

13.1. Waste treatment methods: Waste from Residues / Unused Products Dispose of in accordance with local regulations. Contaminated Packaging Empty containers should be taken to an approved waste handling site for recycling or disposal.

## Section 14 - Transport information

14.1 UN number N/A	Ground: Non-Hazardous	14.4 Packing group N/A	Product Regulated for Transport No
14.2 UN proper shipping name N/A	Sea: IMDG Class: Non-Hazardous	14.5 Environmental hazards N/A	14.7 Transport in bulk according to Annex II of
14.3 Transport hazard class(es)	Air: ICAO/IATA Class: Non-Hazardous	14.6 Special precautions for user N/A	MARPOL 73/78 and the IBC Code: N/A

## Section 15 - Regulatory information

## 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU Legislation: The UN Globally Harmonized System (GHS) Safety Data Sheet format (Annex IV) is implemented as Annex II of REACH EU No 2015/830 of 20th May 2015 amending regulation (EC) No 1907/2006. Detergent Regulation (EC) No. 648/2004

# Section 16 - Other information

Full text of H-phrases referred to under Sections 3: N/A

The percentages reflected in section 3 of this SDS represents the levels of hazardous components in the mixture.

Document Control No. FU FNG SDS-34534 Revision Date 02-Jul-2019 Revision Note Rev 00
